What does working at GAN look like?

Creating a diverse culture of happy colleagues is part of GAN's DNA. We want our team to love what they're doing, while working with a wide range of cultures, background, and geographies, and moving quickly to get work done. Benefits at GAN are a reflection of what matters most: You. We hire based on values and entrepreneurial spirit. Because of this, we have a smart team who has fun, cares for one another, and gets a whole lot done. You'll be joining a team of hard-working, happy, and humble people.

What is GAN?

GAN is a highly-curated community of independent accelerators, partners, and investors. We're obsessed with helping startups all over the world succeed, which is why GAN's mission is to give startups the power to create and grow their businesses, wherever they call home. Our community has helped more than 13,000 companies receive over \$5.3B USD in funding and create more than 26,700 jobs globally. GAN started in 2010 when Brad Feld and David Cohen—the two co-founders of Techstars—had the idea to connect the top mentorship-driven, seed-stage accelerators around the world. Alongside the White House's *Startup America Initiative*, GAN was launched to align those accelerators, and create a community and model for their success.

Since then, we've replicated the GAN model to build a community of Startup Studios, our [Global Startup Studio Network \(GSSN\)](#) — **the focus of this job description, and your future role**. GSSN is a highly-curated community of the world's venture studios, startup studios, company builders, and venture builders. GSSN enables leaders to build the best operating structure for their studio, by providing curated connections to peers, talent, and financial capital, helping them create their next successful venture. We've also built two parallel communities through GAN Ventures, our seed-stage investment arm, and GAN Partners, a group of corporate partners who build relationships with GAN Startups.

What are GAN's Values?

- **Humanity:** Create environments where people are empowered to fulfill who they set out to be.
- **Service:** Exhibit a level of selflessness that makes people question our sainthood.
- **Integrity:** Deliver what we say we'll deliver, and be honest early and often when we face challenges.
- **Action:** Get stuff done. Continually grow and evolve based on the needs of our community and work to proactively know those needs.
- **Celebration:** Pop a cork when people reach greater heights. Getting stuff done doesn't mean you have to be boring.
- **Drive:** A deep determination to do whatever is appropriately necessary to support our clients, colleagues, and

Overview of the Global Account Executive

If you're an experienced sales professional who hates to lose, loves to learn, and gets as excited by interacting with high-profile startup leaders from different countries as closing sales contracts, this may be the role for you. And if you've spent the last few years in or around high-growth startups, this could be the job you've been dreaming of.

While drawing on a strong track record of sales success, you'll be asked to serve in a nimble, fluid role, doing everything from deploying lead generation campaigns to fill your calendar with discovery meetings, to closing a pipeline of opportunities to meet your revenue goals. We're constantly testing new strategies too, so we need this Account Executive to serve as a get-it-done team member that's resourceful, agile, and a creative problem solver.

Through it all, you'll develop into an elite, "full stack" sales operator who can fuse inbound lead management with outbound sales development to create a healthy pipeline that fuels our growth.

While reporting to the Head of Global Partnerships (Sales), you'll be responsible for owning all sales activities for our [GSSN](#) community — an emerging, high-growth business line within GAN comprised of Startup Studios around the world. You'll do this by managing prospects lists, engaging new leads, and leveraging outbound prospecting to hunt high-value prospects to build and close a deal pipeline. In this sense, our Sales Manager can not only expect to find themselves at the center of GAN's growth, but also, their own personal growth.

Responsibilities

Lead Generation

- Create a healthy top-of-funnel through list-building activities like prospect research and cold outreach.
- Engage inbound leads to qualify new opportunities and further educate them about GSSN's value proposition.
- Applying insights from sales conversations to top-of-funnel messaging.

Sales

- Lay the foundation for a high-performing sales funnel by meeting monthly targets for net-new, discounted pipeline created, and activities like the number of leads qualified and new sales meetings booked.
- Leverage GSSN content to nurture your sales funnel at scale, and connect with prospects at the right time.
- Manage the full sales cycle from vetting, to pitching, and closing top-performing Studios on GSSN membership.
- Manage all activity in our HubSpot database, reporting on performance goals like new pipeline qualified.
- Do whatever else is necessary—we're a small, nimble, and fun team.

- You find a way to weave the word "grapefruit" into your email (see below), showing your capacity to pick up on details.
- You care about people and want to be part of a unique team that supports one another.
- You embody GAN's values (see Page 1).
- You have an above-average sense of humor.

>> To Apply

Please send your resume and LinkedIn profile to jobs@gan.co. Instead of a traditional cover letter, we ask that you answer the following questions in a concise email—as if you're writing to a sales prospect:

- What about working here interests you most?
- What makes you unique in 200 characters or less?
- What's something you strongly believe, that most people disagree with?

Unfortunately, candidates who don't answer these questions won't be considered for this role. And remember, treat this outreach like you're engaging one of your prospects.
